Summary

Frontend Developer with proficiency in JavaScript and React. Skilled in building responsive, user-friendly interfaces .Ability to collaborate in teams as well as individually. Passionate about creating seamless user experiences and continuously improving development processes.

Experience

AGI INFOTECH

MERN Intern

Saibu Awas, Bhaisepati

April 2024 - June 2024

I worked as a MERN intern, where I was responsible for creating different UI components for a CRM system.

Also learnt about node js and express for backend integration , and mongodb for database

Education

Academia International College

BSc. CSIT

Bachelors

December-2019-present

I studied Bsc. Csit for my bachelors, where I took different subjects related to the IT field, such as OOP, databases, cloud computing, software development, and many more.

Projects

Youtube Clone

I created a youtube clone using React Js, and styled it using tailwind css for creating a responsive UI. I used Youtube api from rapid api for displaying video contents in the application.
